

## ABC MEMBER PRESENTATIONS AT AHA 2022

*LOCATIONS AND TIMES MAY BE SUBJECT TO CHANGE.  
PLEASE CHECK THE [AHA.22 PROGRAM](#) AND WEBSITE  
FOR LAST MINUTE CHANGES AND UPDATES.*

**NOVEMBER 5, 2022**

**Saturday, November 5, 2022 • 6:00 AM CT**

**Event Title:** Breaking Through the Resistance: Innovations Surrounding Resistant Hypertension

**Location:** Great Lakes Ballroom A-B, Marriott

**Type of Event:** Industry Presentation

**Presenter:** **Keith C. Ferdinand, MD**

**Presentation Title:** Should We Be Resistant to Newer Therapies on the Horizon?

**Saturday, November 5, 2022 • 8:00 AM CT**

**Event Title:** Opening Session: Moving Science into Public Health – Lessons Learned

**Location:** Main Event I

**Type of Event:** Opening Session

**Presenter/Moderator:** **Michelle A. Albert, MD, MPH**

**Presentation Title:** N/A

**Saturday, November 5, 2022 • 9:30 AM CT**

**Event Title:** Late Breaking Science #1: The Main Event – Changing Clinical Practice

**Location:** Main Event I

**Type of Event:** Late Breaking Science

**Presenter:** **Michelle A. Albert, MD, MPH**

**Presentation Title:**

**Saturday, November 5, 2022 • 9:30 AM CT**

**Event Title:** Moving the Needle on Global Hypertension Control Rates: Putting Into Practice What We Know

**Location:** Heart Theater I, Heart Hub, Science and Technology Hall, Level 3

**Type of Event:** Presentation

**Presenter:** **Keith C. Ferdinand, MD**

**Presentation Title:** Multilevel Approaches to Addressing Hypertension Disparities in Clinical Care

**Saturday, November 5, 2022 • 11:00 AM CT**

**Event Title:** Global Innovations to Transform the Medical Workforce

**Location:** Main Event I

**Type of Event:** Main Event

**Presenter/Moderator:** **Michelle A. Albert, MD, MPH**

**Presentation Title:** N/A

**Saturday, November 5, 2022 • 11:00 AM CT**

**Event Title:** Sarcoidosis, Amyloidosis and Other Non-Ischemic Cardiomyopathies

**Location:** Zone 2, Science and Technology Hall, Level 3

**Type of Event:** Poster/eAbstracts

**Author(s):** **Modele Ogunniyi, MD, MPH and Franck Azobou Tonleu, MD**

**Presentation Title:** Hereditary TransthyrETin Cardiac Amyloidosis in a Patient at High Risk for Plasma Cell Dyscrasias: A Complex Diagnostic Work-Up

**Saturday, November 5, 2022 • 11:00 AM CT**

**Event Title:** Outcomes - Pediatric Cardiology

**Location:** Zone 4

**Type of Event:** Poster/eAbstracts

**Presenter:** **Carissa Baker-Smith, MD, MPH**

**Presentation Title:** Trends In Cardiovascular Health Status During Early Vs Late Adolescence, 2007-2018

**Saturday, November 5, 2022 • 11:00 AM CT**

**Event Title:** The Story Of Goldilocks And The Three Advanced Heart Failure Patients: Not Too Late, Not Too Early, The Just Right Time To Refer Patients To Advanced HF Centers

**Location:** S105D

**Type of Event:** Presentation

**Presenter:** **Khadijah Breathett, MD, MS**

**Presentation Title:** The 'Just Right' Time in Clinic—The optimal timing of referral for outpatients with Advanced HF

**Presenter:** **Alanna Morris, MD**

**Presentation Title:** The "Just Right" Time in the Hospital--The optimal timing of referral of inpatients with Advanced HF

**Saturday, November 5, 2022 • 1:00 PM CT**

**Event Title:** Health Tech Competition - 2022: Part 1

**Location:** Health Innovation Pavilion, Heart Hub, Science and Technology Hall

**Type of Event:** Health Tech Innovation Competition

**Judge:** **Anekwe Onwuanyi, MD**

**Presentation Title:** N/A

**Saturday, November 5, 2022 • 2:00 PM CT**

**Event Title:** Predicting, Preventing and Managing Population-Scale Effects in Cardio-Oncology

**Location:** Science and Technology Hall, Level 3

**Type of Event:** Moderated Digital Poster

**Presenter/Co-author:** **Mary Branch, MD, MS**

**Presentation Title:** Immuno-Oncological Therapies And Cardiovascular Health

**Saturday, November 5, 2022 • 3:00 PM CT**

**Event Title:** Not Your Father's Heart Disease: Microvascular Coronary Function and Its Contribution to Disease

**Location:** Main Event II

**Type of Event:** Panel Discussion

**Presenter:** **Renee Bullock-Palmer, MD**

**Presentation Title:** Microvascular Vasoregulatory Dysfunction in African Americans: Opportunities for Prevention and Treatment

**Saturday, November 5, 2022 • 4:30 PM CT**

**Event Title:** Novel Insights in Hypertension Control and Management from Intervention Studies Session

**Location:** S101A

**Type of Event:** In-Person Abstract Oral

**Presenter:** **Daphne P. Ferdinand, PhD; Keith C. Ferdinand, MD**

**Poster/Presentation Title:** Simple Text-messaging And Social Support To Increase Hypertension Medication Adherence In Non-hispanic Black Adults In New Orleans, LA

**NOVEMBER 6, 2022**

**Sunday, November 6, 2022 • 8:00 AM CT**

**Event Title:** Health Disparities Across The Heart Failure Disease Spectrum: A Way Forward?

**Location:** S105D

**Type of Event:** Presentation

**Moderator:** **Kevin Sneed, PharmD**

**Social Media Moderator:** **Nasrien Ibrahim, MD**

**Presenter:** **Sabra Lewsey, MD, MPH**

**Presentation:** Inequity in Heart Failure: Pervasive from Stage A to Stage D

**Presenter:** **Khadijah Breathett, MD, MS**

**Presentation Title:** Health Disparities Across The Heart Failure Disease Spectrum: A Way Forward?

**Presenter:** **Eldrin F. Lewis, MD**

**Presentation:** Financial Toxicity and Its Role in Inequity in Heart Failure: GDMT, Devices, Transplant

**Sunday, November 6, 2022 • 9:30 AM CT**

**Event Title:** Improving Cardiovascular Health Outcomes Through Real-World Science

**Location:** S104B

**Type of Event:** Poster/eAbstracts

**Presenter:** **Alanna Morris, MD, MSc**

**Presentation Title:** Poor Medication Access as a Driver of Excess Heart Failure Readmissions in Deprived Neighborhoods

**Sunday, November 6, 2022 • 1:30 PM CT**

**Event Title:** Presidential Session - Lewis A. Conner Presidential Address

**Location:** Main Event I

**Type of Event:** Main Event

**Presenter:** **Michelle A. Albert, MD, MPH**

**Presentation Title:** Lewis A. Conner Presidential Address

**Sunday, November 6, 2022 • 3:20 PM CT**

**Event Title:** Prediction and Prevention of Heart Failure: Achieving Heart Success

**Location:** Science and Technology Hall, Level 3

**Type of Event:** Poster/eAbstracts (Moderated Digital Poster)

**Presenter:** **Alanna Morris, MD, MSc**

**Presentation Title:** Patients With Heart Failure Living In Socioeconomically Deprived Neighborhoods Have Unique Metabolic Profiles

**Presenter/Co-author(s):** **Alexandria Sutton, MD; Marwah Abdalla, MD**

**Presentation Title:** Association Between Myocardial Contraction Fraction and Heart Failure Subtypes in the Multi-Ethnic Study of Atherosclerosis (MESA)

**Sunday, November 6, 2022 • 3:30 PM CT**

**Event Title:** Following Her Heart Across the Lifespan: Cardiovascular Disease in Pregnancy & How Health Disparities Impact Maternal Mortality - AHA Joint Session with Association of Black Cardiologists

**Location:** N139

**Type of Event:** Joint Sessions (Presentations & Panel Discussion)

**Moderator(s):** **Rachel M. Bond, MD; Tochi Okwuosa, DO**

**Presenter:** **Annette Ansong, MD**

**Presentation:** Cardiovascular Disease in Pregnancy: Lifespan, Prevention, Education and Advocacy

**Presenter:** **Alanna Morris, MD, MSc**

**Presentation Title:** Heart Failure in Pregnancy: We Think We Know, We Have Much to Learn

**Presenter:** **Demilade Adedinsewo, MB, ChB, MPH**

**Presentation Title:** The World of Artificial Intelligence in Pregnancy: New Topic, Primordial Condition

**Presenter:** **Joyce Njoroge, MD**

**Presentation Title:** On the Topic of Policy to Reduce Disparities: Access to Care in Pregnancy; Intuitive, Not Equal to Simple

**Sunday, November 6, 2022 • 3:30 PM CT**

**Event Title:** Paul Dudley White International Lecture and Session: Laurate, Storytelling and Perspectives for Syndemic and Global Cardiovascular Risk Reduction

**Location:** Main Event III

**Type of Event:** Main Event

**Moderator:** **Michelle A. Albert, MD, MPH**

**Panelist:** **Ernest Madu, MD**

**Sunday, November 6, 2022 • 3:30 PM CT**

**Event Title:** Gameshow: Prevention Jeopardy

**Location:** Heart Theater I, Heart Hub, Science and Technology Hall, Level 3

**Type of Event:** Gameshow

**Presenter:** **Keith C. Ferdinand, MD**

**Presentation Title:** N/A

**Sunday, November 6, 2022 • 3:45 PM CT**

**Event Title:** Integration of Metabolism with Cardiac Function and Physiology

**Location:** Zone 1, Science and Technology Hall, Level 3

**Type of Event:** Poster/eAbstracts

**Presenter:** **Kayode Kuku, MD**

**Presentation Title:** Proteomic Signatures of Ischemic and Non-ischemic Heart failure in a Community Cohort

## **NOVEMBER 7, 2022**

**Monday, November 7, 2022 • 8:00 AM CT**

**Event Title:** Achieving Equity in Diagnosis and Treatment of Cardiac Amyloidosis and Hypertrophic Cardiomyopathy

**Location:** N140

**Type of Event:** Presentation

**Moderator(s):** **Melissa Burroughs, MD; Gladys Velarde, MD**

**Presenter:** **Keith C. Ferdinand, MD**

**Presentation Title:** Removing barriers, creating opportunities to improve heart failure outcomes in African Americans

**Monday, November 5, 2022 • 9:30 AM CT**

**Event Title:** Resiliency: The Art and Science of Overcoming

**Location:** Go Red Women in Science & Medicine Lounge, Heart Hub, Science & Technology

**Type of Event:** Panel Discussion (Professional Development)

**Presenter:** **Michelle A. Albert, MD, MPH**

**Presentation Title:** N/A

**Monday, November 5, 2022 • 9:30 AM CT**

**Event Title:** International Advances in Cardiovascular Disease Prevention in Women-  
Global Roundtable Session

**Location:** N426C

**Type of Event:** Joint Sessions (Panel Discussion)

**Presenter:** **Melissa Burroughs, MD**

**Presentation Title:** N/A

**Monday, November 5, 2022 • 9:30 AM CT**

**Event Title:** Reconciling the Acute Chest Pain Guidelines Enabling AI Prediction of CV  
Risk

**Location:** S102BC

**Type of Event:** Seminar

**Presenter:** **Renee Bullock-Palmer, MD**

**Presentation Title:** Imaging Highlights of the AHA/ACC Acute Chest Pain Guidelines
